*“Impacting a broken  
and hurting world  
with the **CHRIST** of redeeming love”*

## Scenes from March/April

1) Redbuds and other flowering trees are in full bloom. They are blooming earlier this year. 2) Youth teams praying before final game of the season (3 and 4) Eleven students from Hope College spent their spring break volunteering on our campus. They took off some of the old siding on Lincoln Hall and put up dry wall in the Hacker Gym addition.

## A Time of Transition

After a lengthy review of our present resources and future leadership needs, our board of directors have asked our present director, Jake Moss, to stay on as an interim director, which he has accepted. To lessen the director's work load, Tommy Miracle, our present volunteer coordinator, is taking on the additional duties as interim Manager of Campus Operations. We thank you for past and continuing prayers for our organization, our staff, our volunteers and for those we have been called to serve.

## Special Need Requests

We can use some more volunteers to help us as we strive to make improvements to the campus facilities. Please contact us if you are interested.

The gym addition is almost completed. With a gift of \$1,000 we will be able to put tile on the floors in one of the four rooms. A gift of \$500 will help to put a drop ceiling in a room.

We are looking for people who are willing to help share our story with others (including churches). If you are interested please contact us.
